Let's grow South Africa together

WOMEN'S DAY 2022

- Tomorrow, South Africans will commemorate Women's Day 2022 under theme “Women’s socio-economic rights and empowerment: Building back better for women’s resilience!”.
- The theme is in line with South Africa’s constitutional vision and government’s policy priorities as outlined in the National Development Plan and the 2019-2024 Medium Term Strategic Framework.
- The year marks the 66th Anniversary since the march of approximately 20 000 women to the Union Buildings to petition against the pass laws of the country at the time.
- Society, government and partners are urged to take tangible steps in responding to the most persistent challenges affecting the lives of women and girls.
- Let us come together to raise awareness about economic opportunities for women and laws that seek to protect and advance the rights of women and children.
- Citizens are encouraged to watch President Ramaphosa’s address on major news channels and government social media sites at 11:00 a.m.
- Citizens, especially women, are encouraged to share their stories and experiences by using the hashtags #WomensMonth2022 and #WomenEmpowermentAgenda #LeaveNoWomenBehind
