Let's grow South Africa together

Social Sector Summit

- The Social Sector Summit, takes place under the theme “Fostering Social Cohesion to Enable Socio-Economic Participation in Communities” on 4 and 5 August at the Birchwood Conference Centre, Boksburg.
- The aim of the Summit is to strengthen and improve the relationship between the state and civil society, and improve social cohesion in accordance with the Constitution.
- Government and society must develop an inclusive policy framework that contributes to the achievement of the National Development Plan goals, as well as regional and international obligations.
- Civil society and community-based organisations have a rich history of fighting for social justice and tackling societal challenges.
- Strong collaborative partnerships are essential to making life better for all South Africans.
