

GOVERNMENT NEWS

Let's grow South Africa together

GOVERNMENT MESSAGES ON:

COVID ALERT SA

- South Africans are urged to strictly adhere to the health protocols to avert the possible third wave of COVID-19 infections.
- Practicing preventative measures such as regularly washing hands, wearing masks, and maintaining social distancing, remains a priority in protecting ourselves.
- Government appeals to the public to download the COVID Alert SA app to protect themselves and loved ones. Download the COVID Alert SA app now! <https://sacoronavirus.co.za/covidalert/>
- The COVID Alert SA app is the only contact-tracing app approved by the South African government.
- Government remains committed to saving lives and protecting livelihoods.
