LIMPOPO DEPARTMENT OF SPORT, ARTS AND CULTURE TO HOST 2026 WOMEN IN FILM EVENT

The Limpopo Department of Sport, Arts and Culture MEC Funani Jerry Maseko will lead the **Women in Film Event** as part of Women's Month celebration. The event seeks to create a structured platform for the recognition, development, promotion and advancement of women within Limpopo's film and broader audiovisual sector, while creating opportunities for industry networking, capacity building, market access and economic participation.

The events details:

Date : 28 August 2026

Venue: Ster-Kinekor, Mall of the North in Polokwane Local Municipality, Capricorn District

Time : 11:00

The Women in Film Event is designed to elevate, connect and empower female filmmakers, producers and content creators across Limpopo Province. The project is aligned with National Women's Month and seeks to address historical underrepresentation and geographic marginalization experienced by women within South Africa's screen industries, with a particular focus on Limpopo.

The event will provide a structured platform to spotlight female-led visual storytelling, particularly focusing on female filmmakers from rural and township communities. It will further- bridge the gap between local grassroots creatives and established national screen actors and storytellers.

The Department calls upon communities, cultural practitioners, business partners and the media to support the significant celebration. Through collective efforts, the Women in Film Event will not only honour the achievements of women but also advance the transformation of the creative sector, ensuring that film and audiovisual sector

continue to play a pivotal role in building a socially cohesive and economically prosperous Limpopo.
